### BEARD & BUTTER (1hr) Series of six \$550 \$ 95.00

Facial hair is quintessentially male. But. Not all men are created equal. A mans skin is brutalized on a daily basis. More than you can imagine. There is a difference in the construction of a mans skin ,than of a woman's that can be a real challenge. This is compounded for men with dense facial hair growth. Our Beard & Butter Facial, is an introduction to skin care, designed especially for those who have real issues with their skin due to facial hair, razor burn and/or in-grown hairs, discoloration , even scaring. Allow us to analyze your skin and choose a Skin Care regiment plan to successfully get your skin back to looking & feeling smooth like butter. (includes cleansing, exfoliation, extracting, hyper pigmentation treatment, soothing hydrating mask, and moisturizer)\*\*\*For best result, if you have skin with heavy discoloration and scaring this treatment should be done in a series of six treatments.
